Celestron NexStar Users who are also Ham Radio Amateurs

Dear Hams/NexStar'ians,

below please find the latest list of NexStar users who also hold an Amateur Radio license. Please send me updates or hints to missing friends from the NexStar and Ham Radio community. I will contact them and ask them for permission to include them in this table. I hope sometime we may have a combined Star-Party / Field-Day with many international participants. As of today we are more than 100 members from 16 different countries worldwide (Italy, Germany, Hungary, Sweden, USA, Netherlands, Mexico, Ireland, Canada, Spain, UK, Portugal, France, Argentina, Belgium; Brazil).
